

basic slime

materials

- Liquid starch
- White glue
- Food coloring (optional)
- Measuring cup, bowl & spoon

instructions

- **Step One** Pour 4 oz. of white glue into a mixing bowl
- **Step Two** Add 2 oz. of liquid starch a little bit at a time.
- **Step Three** Once all the starch is mixed in, begin kneading the mixture with your hands.
- **Step Four** When the slime begins to pull away from the sides of the bowl take it out of the bowl and begin kneading and stretching it.
- **Step Five** Store in an airtight container.

fluffy slime

materials

- Liquid starch
- White glue
- Shaving cream
- Food coloring (optional)
- Lotion
- Measuring cup, bowl & spoon

instructions

- **Step One** Combine 4 oz. of glue with 8 oz. of shaving cream and food coloring in a mixing bowl.
- **Step Two** Add 2 oz. liquid starch a little bit at a time.
- **Step Three** Stir to combine. Once the mixture starts to pull away from the sides of the bowl, begin to knead it with your hands. It is ready when it no longer sticks to your hands.
- **Step Four** Store in an airtight container.

Tip: If your slime isn't stretchy enough add a few squirts of lotion. Knead to combine.
